

A detailed view of a gourmet charcuterie board. In the foreground, several skewers are arranged, each featuring a slice of cured meat, a red cherry tomato, a dark olive, and a sprig of fresh rosemary. Behind the skewers, a large glass holds several long, golden-brown breadsticks. The board also includes a variety of cheeses, including a wedge of blue cheese, and a selection of crackers. Fresh grapes and other small bowls of accompaniments are scattered throughout the arrangement. The background shows a white table and chairs, suggesting an outdoor dining setting.

San Benedetto low mineral content water, with its unique balance of minerals and mineral salts, helps your body purify and regenerate itself daily. The body needs to consume both minerals and mineral salts to guarantee the well-being of the vital functions and encourage both psychological and physical health. Therefore it is necessary to consume both the minerals and mineral salts contained in drinking water on a daily and balanced basis. San Benedetto has a level of dry residue which provides a balanced water when compare with other low mineral content waters.

Producing and exporting conventional and 100% organic Rooibos Tea globally is our main focus and joy at Khoisan Gourmet.

We also supply wild harvest Honeybush Tea from South Africa's famous Garden Route.

For nearly 20 years, we have grown our indigenous herbal tea exports, and today, we are a leading supplier in South Africa and an experienced exporter in the industry.

Completing our focus on all that is natural and organic, we provide Bourbon Vanilla from plantations in Madagascar, known for growing the world's best vanilla. Our organically certified Vanilla pods, extract, pieces, powder, sugar, caviar and grinders are available in bulk or pre-packaged ranges.

Producing and exporting conventional and 100% organic Rooibos Tea.

Zanetti is the leading company in the production, ageing and trade of typical Italian cheese, and is the no1 exporter of Grana Padano and Parmigiano Reggiano. The Zanetti family has run the company for over 100 years, with cheese production still following traditional methods using modern technology. Zanetti is equipped with modern equipment and sophisticated machinery for the packaging of hard cheeses and for the production and packaging of freshly grated cheese. Zanetti produces approximately 2,200 litres of milk daily.

Thanks to the long-term experience in the food sector, the consortium **Dal Molise** is specialised in the production of both fresh and frozen dairy products in order to face the requests from the foreign markets. Cow's milk or DOP buffalo's milk mozzarella, mascarpone, ricotta and burrata are only some of their items. Focused on quality, tradition and innovation, the consortium offers a wide range of further goods such as truffle products.

Founded in 1945 in Normandy France, 17 farmers joined their expertise in the collection of the butter that they all produced. Gradually the cooperative expanded into the collection of dairy cream and eventually pasteurised butter. Today **Elle & Vire** manufactures and markets cream, butter, yoghurt and UHT desserts in France, and distributes product across the world under the **Elle & Vire** brand. The brand is known to over 80% of the French population and is consumed by nearly 6 in 10 French people. **Elle & Vire** products are carefully developed with the help of professional chefs to ensure they meet the performance expectations of both pastry and kitchen chefs.

ITALIAN PASTA – LONG

Granoro pasta is known for its high quality, which is attributed to the passion, great care and attention given to every stage of the production process; merging old traditions with modern technologies. Granoro pasta has an intense fragrance, with the typical golden colour of durum wheat, and the correct thickness to allow for a balanced and uniformed cooking time to ensure an elastic and callous texture once cooked. This is due to the careful selection of semolina and high quality of gluten.

Di Napoli uses only the highest quality tomatoes, grown in Italy, and perfected by almost 100 years of Italian tradition and experience. Each and every ingredient used is carefully sourced and selected, following strict quality controls. The Di Napoli range includes whole peeled, San Marzano tomatoes, cherry tomatoes and chopped tomatoes.

FOOD AND PACKAGING

Olitalia's authentic Italian extra virgin olive oils are made in the same way today, as they were made hundreds of years ago, with the same character, flavours and sensations. Olitalia produces a variety of oils and vinegars from a selection in their orchard of quality certification. Keeping ahead of trends and being at the forefront of innovation ensures that Olitalia's olive oil and vinegars are of exceptional and high quality. Extra Virgin Olive Oil contains antioxidants, high quantities of Vitamin E and K, Omega 3 and 6, and as such has healthy benefits such as reducing risk of heart disease and cancer.

MUSTARD

The House of **Maille** was established in the Age of Enlightenment. The official creation of the Maison **Maille** is authenticated by a parchment dating from 1747. **Maille** continues to present refinement, allowing the world to experience part of the French way of life. The chefs at **Maille** recognise that nothing is more difficult to prepare than a sauce.

Tabasco® pepper sauce is the same today as it was 148 years ago. It is unlike cayenne pepper sauces since it has a special aroma, a piquant flavour and a spicier heat level. It contains no additives, preservatives, food colouring or stabilizers. Tabasco® pepper sauce is made from ripe, hand-picked peppers and crushed Avery Island rock salt. It is the only hot sauce aged in white oak barrels for three years. Once matured, it is inspected for colour and aroma and then blended with strong vinegar and strained for seeds and skin and bottled

JAM

Launched over 40 years ago, Bonne Maman has grown into a leading global Preserve and Jam brand. The secret behind Bonne Maman is the time-honoured traditional French recipes, which use only the finest quality fruit and 100% all-natural ingredients.

Produced in France, the Preserves and Jams are 100% all-natural, with no artificial colouring, no high fructose corn syrup and no preservatives added. The brand essence stems from the founder, Jean Gervoson's desire to produce homemade jam, much like that which his grandmother would make. Bonne Maman means 'Grandmother' or 'Granny' in honour of Gervoson's grandmother. The branding hasn't changed since it was launched, to symbolise the all-natural goodness, with the iconic and recognisable gingham-patterned lid and homemade style handwritten script label.
